

Important Events

- Work and Enterprise Week – Week beginning 21st January
- Year 6 Dragon's Den - Friday 25th January
- Enterprise Fair – Friday 25th January
- Half term holiday – 18th -22th February

Homework

Literacy and Numeracy homework will be sent out **every Thursday**. The class teacher will collect homework from the children on **Monday mornings**.

Spellings will be sent out every Thursday and tested the following Monday.

Home readers need to be completed daily and signed weekly by a Parent/Carer. Book change day for Year 6 is every Tuesday, with all children expected to bring in their diaries.

PE

This term the children will be exploring dance and how we can use different forms of exercise to keep fit. Children must bring their **complete PE kit every Thursday**.

Year Six Spring Term 1 Curriculum Newsletter

Dear Parents and Carers,

We have many interesting and new topics to cover this term, with a particular focus on Spain.

Please ensure that your child is reading and practising times tables every evening. The CGP books are also fantastic resources for revision, in order to prepare your child for their SATs. These are available to purchase from the office.

Should you have any concerns or wish to talk to us about your child's progress, we are available to talk after school on most days.

Information about what your child will learn this half term is on the inside of this booklet.

We look forward to working with you and your child!
Ms Hussain and Mr Siddique

As writers, we will be exploring discussion texts and producing our own discussion around Spain and the UK. We will also create our own persuasive leaflet in relation to bull fighting and newspaper reports about the annual tomato festival in Spain, called La Tomatina.

As Mathematicians we will continue to develop the mental strategies we use to calculate problems quickly. We will be developing our use of number and work with word problems related to decimals, fractions and percentages.

As Scientists, we will be looking at living things and their habitats. We will be learning about the classification system of animal species and micro-organisms. We will also be conducting an exciting investigation involving yeast.

Numeracy

Problem Solving,
Number, Shape,
Ratio and
Proportion

Literacy

Monologues,
Newspaper reports
and persuasion

Science

All Living Things

ICT

Computer

Humanities

Exploring the UK
and Spain

Physical Development

Gymnastics

As artists, we will be designing and creating our own Picasso inspired paintings. We will be looking at the techniques he used and the representations of the images. We will also discuss mood and effect.

We will be exploring a range of different gymnastic techniques. Children will have the opportunity to use a range of apparatus and will choreograph their own gymnastic routines.

As Geographers, we will be exploring Spain. We will be learning about topography and geographical diversity and comparing life in Spain to that of life in The UK.
