

## Year 3 Literacy Task: Week 12

### L1: To write a fact file about an animal

#### Success Criteria:

- I can include relevant factual information
- I can organise my information into sections using subheadings and paragraphs
- I can use technical vocabulary

Your task is to choose an animal and to create a fact file about it, using research from books or the internet. Choose one of these animals or you can pick your own!

#### Things to include:

**Introduction** – How will you engage your reader and make them want to know more?

**Characteristics** – What does this animal look like and what special features does it have?

**Habitat** – Where does this animal live and why?

**Diet** – What does this animal eat?

**Life Span** – How long does this animal live?

**Family** – What kind of young does this animal have? Who takes care of it?

**Fun Facts!** – What amazing things can this animal do?

**Conclusion** – Summarise your findings.

**Remember! You must use subheadings for each of your sections!**
