

Year 2 Week 1 – Science Task

L.I To say what I know and would like to find out about plants

Success Criteria:

I can say what I already know about plants

I can ask relevant questions

I can use scientific vocabulary: flower, plant, seed, water, soil, deciduous, evergreen, roots, stem,

Task: Create a mind-map showing what you already know about plants e.g. the features of a plant or what a plant needs to survive.

When you are finished, watch the 2 videos about plants.
Add your new knowledge onto your mind-map.
