

Year 3 Week 1 Humanities: Earthquakes

LI: To explore earthquakes and pose questions about where and why they occur.

Success Criteria:

I can use sources of evidence to explain my knowledge of earthquakes.

I can use geographical vocabulary.

I can ask geographical questions.

Watch the video link below:

https://www.youtube.com/watch?v=4Y-62Ti5_6s

Task 1: Use the information from the video the answer the following questions:

- What can you see happening?
- What do you think might cause this to happen?
- What do you think it would feel like to be in an earthquake?
- What impact does an earthquake have?
- Do you know of any countries that have had earthquakes?

Key vocabulary: earthquake, tectonic plate, fault lines, continent, core, crust, inner core, mantle, boundary, plate, location, epicentre, evacuation, aftershock

Task 2: Create a mind map about what you already know from previous learning, about earthquakes.

Task 3: Write down what you would like to find out about earthquakes, and then use the internet to research the answers to your questions.
