

# Nursery Easter Holiday Homework

Your topic in Summer 1 will be:

## 'New Life'

Please research the topic using the internet or books at home. You could create a presentation to share with your class or maybe make a model!

# Number

We have been practising counting to 10. Cut out numbers 1-5 and put them in the right order.

## My 0 to 5 Number Line

A horizontal line with six vertical tick marks extending downwards to empty rectangular boxes, intended for a number line from 0 to 5.

# Shape, Space and Measure

We have been learning about the sizes of animals. Cut around the animals and put them into the correct box.

**Big Animals**

**Small Animals**

# Literacy

Please remember to read your child's reading books with them over the break.

Practise writing your name. Remember a capital letter.

Can you write your name?

A large empty rectangular box for writing a name.

## Physical development

Can you use the shapes below to make a chick picture? Remember to hold the sheet in one hand and the scissors in the other hand.

# Hackney Wild Walks

Three fun walks for kids in Hackney to take their parents on!

**Welcome to Hackney Wild Walks!**  
This special pull out has three short walks around our beautiful borough that are perfect for kids. But grown ups will enjoy the adventures too. You're bound to find a new place you never knew existed – and have lots of fun!  
If you enjoy your walk let us know on twitter @hackneyFIS using #HackneyWildWalks or on our facebook page [www.facebook.com/hackneyfis](http://www.facebook.com/hackneyfis)

**Woodberry Down & West Reservoir: wizards, water & wildlife**  
A 2.1 km walk along a flat, accessible path with cafes, picnic spots and playgrounds along the way. Leave time to spot the ducks and boats and maybe visit the castle.  
**Start Point:** Bus Stop V on Seven Sister's Rd, by Woodberry Grove

**Haggerston to Hoxton: a giant snake, a stone circle & a secret garden**  
Flat and accessible 2.1km walk with some grass to walk through and (avoidable) steps. Jump on the Overground to return to the start (kids go free) or add half a kilometre and walk back along Kingsland Road. Leave time for the great playgrounds!  
**Start Point:** Haggerston Overground Station

**Hackney Marsh & Kingsmead: boats, bumps & boulders**  
Easy 2km walk with some (avoidable) steps and a short section across grass. Bring a kite to fly or your scooter to ride some bumps.  
**Start Point:** Bus Stop B on Homerton Road, Kingsmead Estate, opposite Mabley Green

**Key:**  
★ Start  
Route of walk

**Health and Safety:** Walking is great fun but remember to stay safe. Take care crossing roads, when near water and don't be silly. If you are little bring a useful grown up – either a parent, or someone they say is cool – to help you stay safe.

Wear sensible clothes, and look out the window before you go so you know if you will need a raincoat and wellies or a hat and suncream. Comfy shoes are very important, and make sure your grown up has some too!

All these walks have cafes or shops on the route, but you might want to take a picnic or something to drink. All the walks have toilets on the route too and are accessible for wheelchairs and buggies with just a couple of changes.

walk 4 life With great thanks to Colin Shelbourn and Iain Peters, who created the original Lake District Wild Walks that inspired this project, and to Cath Prisk of Outdoor People (and her dog Charlie) who researched and mapped the walks. Words were written by Cath Prisk and Kathryn Scott.
